DONT FORGET A COVER CROP!

By all means, a cover crop for your Victory garden. A good one is a rye-vetch mixture which can be sown thru October. It will help to stifle weeds, prevent the soil from washing and, turned under during the spring preparation, will give invaluable live humus and plant food to the soil. 1 pound will cover 200 square feet.

OTHER HARDY BULBS

CHIONODOXA LUCILIAE These tiny blue flowers resemble scillas but are held erect on 5 inch stems. Charming for extra early bloom, they are aptly called "Glory of the Snow". The variety *sardensis* is somewhat smaller and darker blue.
either variety dz 75¢, 100 \$6.00

COLCHICUM Great crocus-like flowers blooming in September and October without foliage, one bulb sending out from 5 to 15 or more blooms. Even if left unplanted, they will bloom without soil or water and make a fascinating desk or table ornament. We offer the variety *Giganteum*, a soft rose lavender, white throated and honey scented. They will increase easily in congenial surroundings. They may be separated and replanted when the foliage dies down in the spring.
each 35¢, dz \$3.50

CAMASSIA ESCULENTA Fine rich purple star-shaped flowers 2 feet high. Good for naturalizing in wet places.
